## OD Exit Survey 2013

1. You may voluntarily agree to allow your survey results to be included in a data set that may be published. We would prefer that you select this option since it would allow us to publish summarized (not individual) outcomes data if we choose to do so. This is the Optional Research Survey. Alternatively, if you choose not to participate in the Optional Research Survey, you may select the Default Option. In both cases, your individual responses are anonymous. Which option is your choice?

		Response Percent	Response Count
Optional Research Survey		84.2%	48
Default Option		15.8%	9
