

## Contact Lens Study

### Why are we doing this study?

This study will evaluate the safety and effectiveness of an investigational contact lens compared to a marketed contact lens.

### Who can be in the study?

Eligibility Criteria:

- Be of Chinese, Korean, Japanese or Mongolian descent
- Ages 18 or older
- Current spherical soft contact lens wearer with monthly, biweekly, or weekly replacement
- Good vision in both eyes

Further screening questions will be asked prior to scheduling an appointment.

### What the study involves:

This study involves 4 office visits over a 3 month period. Subjects will be asked to wear one of two different types of soft contact lenses. The lenses will be provided at no cost.

### Will you directly benefit from the study?

Participation in this study does not directly benefit subjects.

### Other things you should know about the study:

Subjects may be compensated up to \$300 for their time.

**Principal Investigator:** Dr. Danielle Iacono
