

Euclid Extended Range Treatment Study

Why are we doing this study?

To evaluate the comfort and performance of contact lenses that can possibly correct your vision while you sleep.

Who can be in the study?

Eligibility Criteria:

- Aged 7 to 60 years old
- Prescription of -5.00D to -7.00D in **both** eyes
- Had an eye exam in the last **two** years

Further screening questions will be asked prior to scheduling an appointment.

What the study involves:

This study will involve a minimum of 8 visits with additional post-treatment follow-ups and will ask subjects to wear lenses overnight for 3 months.

Will you directly benefit from the study?

Participation in this study does not directly benefit subjects.

Other things you should know about the study:

Subjects may be compensated up to \$400 for participation in the study and provided with a 3-month supply of lenses and solution.

Principal Investigator: Dr. Azinda Morrow
